FOREST FIRES RAGING

Cascade Coast Range Swept from
British Columbia to California.

SOME LIVES ARE LOST

Millions of Feet of Timber, Mills,
Farm Houses, Barns and Much
Livestock Destroyed—Several
Lives Threatened.

Seattle, Wash., Sept. 13.—The density of the smoke from the forest fires in the various parts of the adjacent country districts is increasing. Transportation facilities on all sides are badly impaired and communication with many counties is cut off. Nearly all mails are late. The most serious fear is that Enumclaw, a little town just south of Seattle, has been entirely destroyed by the fires.

People coming into the city report that but few houses and oat fields have been burned. The citizens are all fighting the fire in the woods near by, and so far have succeeded in stopping its approach toward the town.

STILL RAGING.

People Fleeing from the Fire and Are
Rendered Homeless.

Portland, Ore., Sept. 13.—The result of the forest fires raging in this vicinity may be summed up substantially as follows up to the present time:

Tillamook City has been saved from the impending doom by the timely change in the wind. Forests in Douglas and Jackson counties are on fire, but the damage yet is small. Sixty people in the town of Springwater were compelled to flee for their lives and rendered homeless, and the fine timber belt destroyed.

A woman was burned to death near Vancouver and a woman and child missing. Millions of feet of lumber and timber to the value of \$1,000,000 destroyed in Chehalis county, Washington.

Details of the various losses from the numerous country districts are arriving and the report of small individual losses will not be finished until rain shall have come to quench the ever-spreading flames. The weather bureau has given no promise of rain within the next twenty-four hours.

Several Mills Damaged.

Elma, Wash., Sept. 13.—Forest fires are raging over a large area of country east of Elma. Several large mills suffered damage and some have been destroyed. Men fought bravely, but had to yield and fly for their lives. Wagonloads of refugees are arriving from the burning districts and people are beginning to move out of Elma. Many farm houses and barns have been destroyed. Ashes and cinders are falling over Elma. The high east wind favors the fire and gives it terrific velocity. Seven big mills have an aggregate value of over \$500,000 in their plants alone. Their total value is nearly \$1,000,000.

Raging in Every County.

Tacoma, Wash., Sept. 13.—Forest fires are now burning in every county of western Washington from British Columbia to the Columbia river. The conflagration is most extensive in Mason, Thurston, Chehalis and Lewis counties, to the southwest of Tacoma. The towns of Elma and Folsom, in Chehalis county, have been partly destroyed. Each was the center of large logging, lumber and shingle mill industries. The other towns in great danger are Shelton, Mattcock, Black Hills, Bucoda, Rainier and Castle Rock, in southwestern Washington.

Portland, Ore., Sept. 13.—Forest fires are burning over the Cascades coast ranges from British Columbia to the California line, destroying millions of feet of timber, many farm houses, barns and much livestock. Two persons are known to have lost their lives, others are missing and scores are hurrying to places of safety.

At Bridal Veil, Ore., the Palmer sawmill and the Brewer mill were burned. Elsie Palmer, proprietor of the former mill, was burned to death and a man named Turkey is missing. About forty mill hands are in danger of being surrounded by fire.

On Mill Plain near Vancouver, eight farm houses were destroyed and Mrs. Hendrickson and her two children are missing.

In Washington state, the town of Enumclaw is in great danger. Every team is being pressed into service to take people to places of safety. The water supply is cut off by the burning of the malms.

Word cannot be received from Elma or Aberdeen, the wires to those points being down. It is known, however, that six large lumber mills and ten houses have been burned about six miles south of Elma. Many similar reports are being received from Washington points.

Tacoma, the town was in total darkness at noon Friday. Many people refused to believe that the phenomenon was from forest fires and predicted disaster. At Centralia darkness caused all business to stop. In Tacoma a heavy darkness settled down. Boats could not pass the narrows on account of the darkness and at Olympia the electric light plants shut down and at noon it was as black as night.

The last report from Shelton at noon was to the effect that nearly all of the mills in Mason county were on fire.

The town of Mitlock, that county, was in imminent danger when last heard from and timber 100 feet high was burning.

Sixteen miles from Olympia the Borden string of camps in the Black Hills district are in great danger. Forty men on horseback have gone to rescue women and children.

MRS. STEWART KILLED.

Wife of the Nevada Senator Loses Her
Life in an Automobile Accident.

San Francisco, Sept. 13.—Mrs. William Stewart, wife of Senator Stewart of Nevada, was thrown from an automobile and killed Friday at Alameda, Cal.

Mrs. Stewart was enjoying a ride with her nephew, Henry Foote, son of W. W. Foote, an attorney, and H. R. Taylor. They were going along Santa Clara avenue in Alameda, Taylor guiding the machine and sending it along at a high speed. A vehicle approached and Taylor swerved the motor in order to avoid a collision. At that moment he lost control of the steering apparatus or made a miscalculation. The automobile ran into a telegraph pole and the occupants were thrown out. Mrs. Stewart struck her head and was carried in an unconscious condition to a sanitarium in the vicinity, where she soon died. Foote and Taylor escaped with slight bruises.

Taylor is a cousin of Frederick Benedict, who was recently crushed to death under his automobile in New York. Mrs. Stewart was visiting her sister, Mrs. Louis Aldrich, who lives in San Francisco.

Mrs. Stewart before her marriage was a Miss Foote, the daughter of Henry Stewart Foote, governor and United States senator from Mississippi before the war, and during the war spent some years in California. Mr. and Mrs. Stewart have several daughters, one of whom lives in New York City.

Colorado Republicans.

Denver, Sept. 13.—The state Republican convention nominated Jas. H. Peabody of Freemont for governor. The platform reaffirms allegiance to the Philadelphia platform, expresses sorrow for the death of President McKinley, endorses the policies of the national administration and expresses confidence in President Roosevelt, commending his actions in connection with corporate abuses and his dealing with large consolidations of capital and declaring for him for president in 1904.

Fold up at Dallas.

Dallas, Sept. 13.—S. E. Taylor, who lives a short distance out of Oak Cliff, was held up by unknown parties Wednesday night as he drove home. To the detectives he stated that his assailant was a tall young white man, clean shaven and about 22 years old, who climbed into his wagon. Having \$15 in his pocket, Mr. Taylor threw it away while the hold-up man was approaching, and is now not positively certain of what booty was secured. The local police and detectives have made an arrest.

Congressman Ray Given a Judgeship.

Washington, Sept. 13.—The President has appointed Congressman Geo. W. Ray United States district judge of the northern district of New York vice Alfred Cox who has been appointed United States circuit judge. Mr. Ray was senator Platt's candidate. The retirement of Representative Ray from the house will leave Representative Jenkins of Wisconsin ranking member of the judiciary committee.

Suicide of Colonel Garnett.

New York, Sept. 13.—Col. John G. Garnett, one of the most prominent southerners in New York, a West Point graduate, colonel of artillery under General Robert E. Lee and a native of Wakefield Plantation, Westland county, Virginia, was found dead Friday in the Ross hotel. He had committed suicide by taking carbolic acid. The body had been lying in the room for two days before it was discovered.

Storm at Terrell.

Terrell, Tex., Sept. 13.—This city was visited by a terrific wind and rain storm Thursday night. The storm came from the southwest at 7 o'clock. The wind whipped shade trees to the ground and lifted outhouses here and there, but no damage of a serious character was done in the city. Several houses were blown from blocks in the city and county but no one killed.

Officers and Moonshiners Fight.

Welch, W. Va., Sept. 13.—In a battle between revenue officers and moonshiners in McDowell county John J. Wooten, a moonshiner, was killed and John Squire, another moonshiner, was seriously wounded. Will Rennick, a revenue officer, was also seriously

Grand Opera House.

wounded. Eight moonshiners were captured.

Demand for Fruit Trees.

Denison, Tex., Sept. 13.—Nurserymen in this section say that they have had unprecedented orders for Elberta peach trees and apple trees this fall for winter delivery. Thousands of trees will be added to the orchards in this section of the country this winter.

Damage for Race Horses.

Dallas, Sept. 13.—For alleged negligence in killing two race horses and crippling two others, J. W. Fuller of Van Zandt county petitions in the district court here for damages from the Texas and Pacific and Houston East and West Texas Railway companies in the sum of \$53,500.

Outlaw Riddled With Shot.

Bluefields, Sept. 13.—Bad Jim Wright, an outlaw with more than a score of murders to his credit, after a hard fight was riddled with bullets by a posse.

Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

FRIDAY, SEPT. 12, 1902.

Huntsville has organized a com-
mercial club.

A dispatch says "the Panama
situation is serious." Yes; it's
about time to call them in, and
some people probably owe for
them yet.

The outomassassin has claimed
another victim in the person of
the wife of Senator Stewart of Ne-
vada, who was dashed against a
telegraph pole.

Farm and Ranch notes that pol-
ished buffalo horns, made of cellu-
loid by enterprising northern man-
ufacturers, are now being exten-
sively sold to sucker curio hunters.

It is very gratifying to us to
note that many of the citizens of
Madison county are preparing to
make exhibits at the Central Tex-
as Fair at Bryan.—Madisonville
Meteor.

Eleven counties were represent-
ed in the Brazos river conference,
and the Eagle is constrained to be-
lieve that some good will result
from the meeting, especially when
the vast interests involved are con-
sidered.

Mr. S. F. B. Morse, passenger
traffic manager of the Southern
Pacific, has the thanks of the Eagle
for a copy of the San Francisco,
California, number of Harper's
Weekly. The paper contains an
elaborate write up of the metropo-
lis of the Pacific, profusely illus-
trated, and showing the import-
ance of that great western city as a
center of art and education, its
commercial importance, its promi-
nence as an army and navy base,
and wonderful attractiveness to
the traveler. The Southern Pac-
ific places this wonderland within
a few days' journey of our doors.

WEST VIRGINIA STRIKE.

Few of the Miners Returning to Work
and Situation Unchanged.

Charleston, W. Va., Sept. 13.—There
is no change in the situation of the
strike in the Kanawha and New River
fields. The strikers are for the most
part standing firm, though a few are
returning to work each day and the
tonnage is increasing slowly though
steadily.

At Eagle, twenty-seven miles above
here, the situation is serious, and trou-
ble is apprehended there.

At the Crescent mines, just above
Montgomery, on the Kanawha river,
the constable of that district Friday,
by order of the court, turned the
striking miners out of the company
houses. A cold rain is falling, and
many families are without shelter,
with all household effects exposed to
the weather.

FIRE AT SONORA.

Several Business Houses Destroyed Cau-
sing a Loss of \$75,000.

San Angelo, Tex., Sept. 13.—Fire at
Sonora, in Sutton county, on Friday
destroyed \$75,000 worth of property.
The fire broke in the store of the
Mayfield Mercantile company. A coal
oil tank exploded in the building after
the fire started and all window glass
in the courthouse were broken out.
The entire business block was burned
and a number of citizens were slightly
injured. The fire was under such head-
way when the first alarm was given
and the wind blowing so hard that no
company in the state could have check-
ed the flames any sooner.

Gin and Contents Burned.

Greenville, Tex., Sept. 13.—Moody &
George's cotton gin at Floyd, this coun-
ty, was destroyed by fire. Loss about
\$4000; insurance \$2000. A small quan-
tity of seed cotton and \$600 worth of
seed were destroyed.

AGAINST THE GERMANS.

Firmin Inciting People on Account of
the Crete-a-Pierot Affair.

Port au Prince, Hayti, Sept. 13.—Gen.
Firmin has issued a violently worded
proclamation to his partisans concern-
ing the death of board the Crete-a-
Pierrot of Admiral Killick. He urges
his followers to fight until the end
against the provisional government of
Boiscond Canal, which he accuses of
having excited Germany against him
to the point of effecting the destruction
of the Crete-a-Pierrot by the Panther.

The population of Gonaves and St.
Marie, both in the possession of the
revolutionists, are greatly excited.
Bills expressing hate of the Germans
are being posted there, and cries of
hostility to this nation are frequently
heard in the streets. The advance
guard of the government army has
started against Gonaves.

THE OIL FIELD FIRE

Loss Not Near as Great as Was at
First Reported.

NOT EXCEED \$50,000

The Total Area Burned Is Only About
One Acre and Caught Only Two
Producing Wells and a Tank
No Lives Were Lost.

Beaumont, Tex., Sept. 13.—The re-
ports as to the loss to oil wells on
Spindletop sent out Friday were great-
ly exaggerated. Only about an acre of
ground on Spindletop was swept over
by a fire, and two flowing oil wells
and several other wells leaking gas
are now burning. One of the wells is
spouting a stream of burning oil sixty
to seventy-five feet in the air, while
the other is turned toward the ground,
where a pool of burning oil is con-
stantly supplied as fast and faster than
it is burned.

The total loss of property actually
destroyed, not counting oil and losses
on contracts, etc., will be less than
\$50,000. There were no casualties what-
ever, other than a slight burn sus-
tained by the man who is responsible
for the fire. The actual loss of prop-
erty consists of pumping rigs, derricks,
pipes, engines, tools, in fact, just such
property as is attached to a pumping
oil well, including tanks. With the ex-
ception of a regulation 35,700-barrel
steel tank belonging to the Higgins Oil
and Fuel company, which is located
about 300 yards from the scene of the
fire, the conflagration was confined to
the one spot, which covers about an
acre of territory.

The scene is a blackened space, with
here and there a pipe extending out
of the ground three or four feet, which
indicates the location of a well.

The range of the fire extended about
300 feet along Spindletop avenue and
about the same distance along Sour
Lake avenue.

No further damage is expected.

Negroes Shot from Ambush.

Paris, Tex., Sept. 13.—While Julius
Littlejohn, colored, and family, who
were picking cotton on the farm of
Alex Marshall in Boggy Bend, four
miles above Chicota, were returning
home from the field, they were fired
upon from ambush by unknown par-
ties. Five of them were wounded, but
none seriously. The deed is supposed
to have been committed by persons
opposed to negroes picking cotton.
There are no negroes living in the vi-
cinity and they have on previous oc-
casions been run out. Last spring thirty
or forty negroes who had been em-
ployed to clear timber land were fired
upon and driven out.

Tried to Kill the Family.

Pierce, Neb., Sept. 13.—Gottlieb Nie-
genfind shot and killed his former
wife near here, shot six times at Al-
bert Breyer, her father, who died of
his injuries, and shot the wife of
Breyer in the shoulder, seriously and
perhaps fatally wounding her. After
the shooting Niegenfind left the house,
and meeting Mrs. Peters' sister, Lena
Breyer, attempted to criminally as-
sault her. Mrs. Peters had been di-
vorced from her husband two years,
and he was thought to have left the
country. He appeared at Pierce Sun-
day, however, and later paid several
visits to the Breyer farm, ending as
above.

Robbers Cause a Wreck.

New York, Sept. 13.—Two unknown
men have attempted to wreck a trolley
car on the National Park line, near
Woodbury, N. J. They drove large
spikes on the inner side of the rail on
a curve skirting a deep ravine. The
car luckily was moving unusually slow,
otherwise many passengers would have
been killed. As it was, the car left
the track and twenty passengers were
badly bruised. Some of them discov-
ered two men running away from the
bushes. They were pursued for some
distance, but escaped. Robbery is pre-
sumed to have been the motive.

Buried in a Sewer Trench.

Waco, Tex., Sept. 13.—A gang of
workmen were buried in a sewer
trench, which caved in on them here.
The trench was being constructed by
the San Antonio and Aransas Pass
railway near this city. The men were
rescued. The following is a list of the
injured: Burt Jones, contusions; John
Hamilton, collarbone broken and con-
tusions; William Dittman, three ribs
broken and contusions; A. Selma, hip
dislocated; O. F. Shinge, contusions.

Rock Island Contract Let.

Fort Worth, Tex., Sept. 13.—The
contract for the construction of the
Rock Island between Fort Worth and
Dallas has been let to Craney Broth-
ers, who are building the Rock Is-
land's extension from Jacksboro to
Graham. The work between Fort
Worth and Dallas will be under the
direction of A. C. Craney and the
present intention is to commence next
week or the week following.

Caught in a Gin.

Aubrey, Tex., Sept. 13.—Fred Cad-
dell, the 16-year-old-son of B. C. Cad-
dell, in attempting to raise a gin
breast was caught by his trouser legs
with the gin saw and pulled into the
gin. His leg was so badly broken and
cut that amputation above the knee
was necessary. The engineer shut the
steam off of the engine or it would
have killed him.

Menacing Negro Cotton Pickers.

Paris, Tex., Sept. 13.—Wednesday
night an attempt was made to drive
away a lot of negro cotton-pickers
from Sulphur Springs, who were pick-
ing cotton in the west end of Delta county
near Yowell.

Buck's and Darling A cook stoves sold in this store for 17 years. For sale only by J. Allen Myers. 248

Mrs. Clark Winslow of Galveston has been visiting her parents, Mr. and Mrs. W. J. Walker several days.

Miss Birdie Winters has returned to Pine Bluff, Ark., after a visit to Mr. and Mrs. Sam M. Winters

Mrs. H. M. Lanham and little daughter arrived at College yesterday to join Dr. Lanham.

Mrs. M. E. Baldwin arrived from Kosse yesterday on a visit to her brother, George McLendon.

For first-class seed Oats, Rye and Barley call on E. C. Harder & Co., Kandy Kitchenold stand. 244

Milton Parker, Jack Gordon, Jack McLendon and Ivan Boyett have gone to Virginia to attend Randolph Macon Academy.

Expelling Sisters Second Time.

Brest, France, Sept. 13.—Sub Prefect of Finistee, accompanied by a strong force of gendarmes and military, unexpectedly arrived at Landerneau, and again expelled the sisters there who were turned out on August 1st, but who returned later after discovering a decree dated 1828, which they claimed, removed them from the scope of the law of associations. The sub-prefect also reclosed the schools amid protests of the inhabitants.

Will Make a Large Deposit.

Washington, Sept. 13.—Secretary Shaw announces that he will deposit four millions in the national banks throughout the country in return for deposit of free bonds on the sums of fifty thousand or more at their face value. Such banks being designated as government depositories. The secretary will also anticipate October interest, amounting to about \$4,200,000. All this is to relieve the scarcity of currency.

Loving Cup for Schley.

Dallas, Sept. 13.—An order has been sent to St. Louis for a magnificent loving cup which will be presented to Admiral Schley by the citizens of Dallas when he visits this place next month. Although the cost is not made public, it can be stated that the sum is unusually large.

Howard's Place Gone.

Houston, Sept. 13.—It is learned that John Howard will, in a couple of days, sever his connection with the Southern Pacific. The position of passenger and immigration agent, which has so ably been filled by Mr. Howard, is to be abolished, the duties, subdivided, to go into other channels.

SUITINGS, OVERCOATS, TROUSERINGS.

The display is very complete, embracing all the new designs and colorings. These will be very popular during the coming season.

JOHN WITTMAN, The Tailor.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more and more of the menstrual period, I dreaded

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

J. W. BATTS,

Real Estate Agent.

Have in office the only set of abstract books of Brazos county land titles.

FOR SALE.

South half of block near Allen Academy. Price \$550.

About one and one-quarter acres near school house in south part of town. \$1,000.

house and well on premises. Price \$750.

Six room house and two lots of ground located four blocks from Main Street. Brick cistern on premises. Price \$1250.

One quarter block near Allen Academy. East front. Price \$250.00. Terms easy.

75 feet front on Railroad street out Otto Boehme's property. Will sell part or all.

Lots near school house at \$100 each.

Also other city property

Senator Stewart in Europe.

Washington, Sept. 13.—Gen. Stewart is at present at The Hague in connection with the Pious fund arbitration, in which he has taken a deep interest. The senator and Mrs. Stewart, since the sale of their home on Dupont Circle, known as Stewart's Castle, to Senator Clark of Montana and its subsequent destruction, has lived in the winter in an old-fashioned residence on F street, near the state, war and navy department building. Of late years they had not taken so much interest in social affairs as formerly.

Miners Will Stay Out

Tamaqua, Pa., Sept. 13.—Nearly all the locals of the United Workers in this vicinity held meetings at which the strikers re-affirmed allegiance to President Mitchell and pledged themselves to stay out until the coal companies grant concessions, no matter how long it may be. The men apparently have little hope the meeting of Mitchell and Governor Stone in Harrisburg, will have much effect on the strike situation.

Indian School Burned.

Guthrie, Okla., Sept. 13.—The Indian school buildings owned by the government at the Otter Indian reservation was destroyed by fire with all their contents. The loss will amount very high, although no statement has yet been given out. The school is situated 26 miles southeast of Ponca City. One hundred Indian children who live in the buildings during the school year escaped without injury.

Big Rice Plantation Sold.

Houston, Sept. 13.—The deal has been practically closed that will change the ownership of acreage property for rice growing in Victoria county near the town of Victoria, valued at \$225,000. The party is composed of St. Louis men of strong financial standing with ample capital. President Schaffley of the Missouri Trust company of St. Louis was the leading member of the party.

Admiral Schley in Boston.

Boston, Sept. 13.—Rear Admiral Schley and Mrs. Schley have reached Boston after a summer outing in the Adirondacks. Admiral Schley and Mrs. Schley will leave Boston to visit in Connecticut. It is their purpose to go west within a few weeks, and then visit Texas, where they may remain two months.

News in Brief.

Killing frosts fell Friday in Kansas, Nebraska, Colorado and parts of Oklahoma and Missouri.

Gwendoline, daughter of William Waldorf Astor, died at London of consumption. She will be buried at New York.

The Elks of Terrell, Tex., have bought them a lot for \$3500 on which to build them a home.

The Confederate veterans of New Orleans, La., have refused to accept the offer of General Torrence of money to build a home for them.

Dover, Okla., has suffered its third fire within a few months. A lively stable, nine horses and contents were burned.

Woman Kills Herself.

Fort Smith, Ark., Sept. 13.—Mrs. George Smith shot and killed herself on her husband's farm, about eight miles from Sallisaw, I. T. She left her home and went in some near-by timber, where she shot herself. She was only 22 years of age. Her father is J. F. Beard, a farmer.

Amount Paid Mrs. Fair's Relatives.

San Francisco, Sept. 13.—The Call says it is in a position to state the exact amount received by relatives of the late Mrs. Charles Fair in settlement of their claims was \$185,000, instead of sums running into millions, as heretofore mentioned.

Serious Outbreak in Austria.

Vienna, Sept. 13.—Serious anti-semitic outbreak has occurred at Czenstochowa, a pilgrim resort in Poland. The mob stormed the Jewish shops and wrecked bread shops and fourteen Jews and one gendarme were killed and a number were injured. Military are summoned to restore order.

American Team Won.

Ottawa, Ont., Sept. 13.—In the contest for the Palma trophy at 800 yards between the American, British and Canadian rifle teams here, the Americans won, the British second.

Frost in Tennessee.

Memphis, Sept. 13.—Unusually cold weather prevails in west Tennessee, Mississippi and Arkansas. Frost is reported at Milan, Tenn., and Hazelhurst, Miss. No serious damage is expected to crops and vegetation.

Cholera Record in Egypt.

Cairo, Sept. 11.—The weekly cholera returns for Egypt show there has been 1138 fresh cases reported, making totals since July 15, of 20,328 cases and 16,209 deaths.

Anti Win in Nolan County.

Sweetwater, Tex., Sept. 11.—Returns from all boxes in Nolan county give the anti-prohibitionists about 30 majority.

Hack Service to Madisonville

I have taken charge of the mail service from Bryan to Madisonville, and have put on good, comfortable hacks.

DAILY HACK SERVICE

From Bryan to Madisonville. The patronage of the public respectfully requested. Leave calls or messages with the undersigned or at the Postoffice.

S. W. Buchanan.

THE SOUTH IMPROVES.

Vast Strides Made Along Railways The Past Year.

TWO REPORTS CITED

The Agricultural Advancement Has Been Wonderful and the Manufacturing of Cotton Shows Greater Consumption of that Product.

Baltimore, Sept. 13.—The effects of the consolidation of railroad lines in the south into strong systems operated on a strictly business basis upon the industrial growth of the south may hardly be overestimated. This fact is emphasized by a summary in the Manufacturers' Record of facts gleaned from recent annual reports of railway companies.

The report of the Southern railway shows that during the year there were located on or near the company's lines industrial plants representing a value of \$112,441,559, and that 566 plants completed and put in operation represented an investment of \$89,070,959. Forty-two new textile plants went into operation, and there were additions of 36,640 spindles and 8857 looms to old plants, while at the close of the fiscal year there were 21 new mills under construction, which will operate 342,200 spindles and 7600 looms.

Similar progress is reported along the lines of the Central of Georgia railway, its annual report showing that 299 industries representing 31 different kinds of manufactures were located in its territory during the year, with a capitalization of \$2,896,350 and with 4062 employees.

The industrial commissioner of the Illinois Central railroad shows that out of 378 industries established during the year along its system, 218, or more than 56 per cent were south of the Ohio river.

That agriculture has advanced with the growth of manufactures appears in such a fact as that during the year 533 farmers from the north and west purchased 171,255 acres of farm land in the territory of the Southern railway representing an investment of \$2,010,000, while there was a phenomenal increase in the acreage devoted to cantaloupes, watermelons and strawberries along the Central of Georgia railway, with 1,134,779 peach trees planted.

These figures for only a portion of the south are valuable as indicating the progress general throughout that portion of the country, and the reports of trunk lines entering Texas, Oklahoma, the Indian Territory, Missouri, Arkansas and Louisiana, and confining their operations principally to those sections will be found to present equally important and impressive revelations of the development of a great division of the country, the natural resources of which for agriculture and manufacture have only begun to be understood by the great majority of people within comparatively recent years.

The textile industry, which may be regarded as a pioneer in the south as it was elsewhere, continues its magnificent record, as is shown by the following figures: In 1890 of the total crop of 7,811,392 bales, the south manufactured 546,894 bales, or a little more than 7 per cent. In 1901 of the total crop of 10,393,422 bales, the south manufactured 1,620,931 bales, a little more than 15 per cent, and in the year ended August 31 last, of the total crop of 10,880,680 bales, the south manufactured 1,937,971 bales, or more than 18 per cent. In 1890 northern mills manufactured something more than 24 per cent of the total crop, and in 1902 about 19 per cent. In twelve years the quantity of cotton taken by the northern cotton mills has decreased from 76.7 per cent to 51.41 per cent of the total taken by American mills, and the quantity taken by southern mills has increased from 23.3 per cent to 48.59 per cent of the total takings.

Bridge Toll Too High.

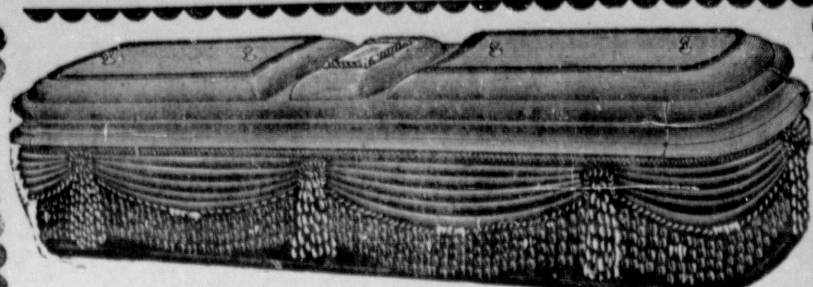

Memphis, Sept. 13.—President Geo. Gould of the Missouri Pacific is in the city and said the Gould interest would build a magnificent bridge across the Mississippi river at this point unless the management of the present bridge would reduce its tolls. President Gould also stated that unless a union depot is built here in a reasonable time his system would put up a handsome depot at a cost of \$250,000. He also said the new line from New Orleans to Memphis and Kansas City to Memphis would be ready for operation in less than a year's time.

No More Corners in Grain.

Chicago, Sept. 13.—Corners in grain are forever rendered practically impossible by a decision handed down by Judge Chitras in the circuit court here, if sustained by the higher court. The case was for an injunction asked by White, Thorburn & Co. against the President Commission houses in the recent July oats corner. The most important ruling is that the Chicago board of trade loses power to pass on property rights where margins are involved, and denying its authority to discipline members for refusing to put up all called margins.

Clearing House Statement.

New York, Sept. 13.—The weekly statement of the clearing house banks of New York issued shows that the surplus reserve of the banks was decreased during the week by \$3,241,975, leaving it at \$715,075 in excess of the 25 per cent of deposits required by law. During the week loans were decreased \$6,875,900 and there was a decrease of deposits of \$14,628,900.

FOREST FIRES RAGING

Cascade Coast Range Swept from
British Columbia to California.

SOME LIVES ARE LOST

Millions of Feet of Timber, Mills,
Farm Houses, Barns and Much
Livestock Destroyed—Several
Lives Threatened.

Seattle, Wash., Sept. 13.—The density of the smoke from the forest fires in the various parts of the adjacent country districts is increasing. Transportation facilities on all sides are badly impaired and communication with many counties is cut off. Nearly all mails are late. The most serious fear is that Enumelaw, a little town just south of Seattle, has been entirely destroyed by the fires.

People coming into the city report that but few houses and oat fields have been burned. The citizens are all fighting the fire in the woods near by, and so far have succeeded in stopping its approach toward the town.

STILL RAGING.

People fleeing from the fire and are
Rendered Homeless.

Portland, Ore., Sept. 13.—The result of the forest fires raging in this vicinity may be summed up substantially as follows up to the present time:

Tillamook City has been saved from the impending doom by the timely change in the wind. Forests in Douglas and Jackson counties are on fire, but the damage yet is small. Sixty people in the town of Springwater were compelled to flee for their lives and rendered homeless, and the fine timber belt destroyed.

A woman was burned to death near Vancouver and a woman and child missing. Millions of feet of lumber and timber to the value of \$1,000,000 destroyed in Chehalis county, Washington.

Details of the various losses from the numerous country districts are arriving and the report of small individual losses will not be finished until rain shall have come to quench the ever-spreading flames. The weather bureau has given no promise of rain within the next twenty-four hours.

Several Mills Damaged.

Elma, Wash., Sept. 13.—Forest fires are raging over a large area of country east of Elma. Several large mills suffered damage and some have been destroyed. Men fought bravely, but had to yield and fly for their lives. Wagonloads of refugees are arriving from the burning districts and people are beginning to move out of Elma. Many farm houses and barns have been destroyed. Ashes and cinders are falling over Elma. The high east wind favors the fire and gives it terrific velocity. Seven big mills have an aggregate value of over \$500,000 in their plants alone. Their total value is nearly \$1,000,000.

Raging in Every County.

Tacoma, Wash., Sept. 13.—Forest fires are now burning in every county of western Washington from British Columbia to the Columbia river. The conflagration is most extensive in Mason, Thurston, Chehalis and Lewis counties, to the southwest of Tacoma. The towns of Elma and Folsom, in Chehalis county, have been partly destroyed. Each was the center of large logging, lumber and shingle mill industries. The other towns in great danger are Shelton, Mattcock, Black Hills, Bucoda, Rainier and Castle Rock, in southwestern Washington.

Portland, Ore., Sept. 13.—Forest fires are burning over the Cascades coast ranges from British Columbia to the California line, destroying millions of feet of timber, many farm houses, barns and much livestock. Two persons are known to have lost their lives, others are missing and scores are hurrying to places of safety.

At Bridal Veil, Ore., the Palmer sawmill and the Brewer mill were burned. Elsie Palmer, proprietor of the former mill, was burned to death and a man named Turkey is missing. About forty mill hands are in danger of being surrounded by fire.

On Mill Plain near Vancouver, eight farm houses were destroyed and Mrs. Hendrickson and her two children are missing.

In Washington state, the town of Enumelaw is in great danger. Every team is being pressed into service to take people to places of safety. The water supply is cut off by the burning of the malms.

Word cannot be received from Elma or Aberdeen, the wires to those points being down. It is known, however, that six large lumber mills and ten houses have been burned about six miles south of Elma. Many similar reports are being received from Washington points.

Tacoma, the town was in total darkness at noon Friday. Many people refused to believe that the phenomenon was from forest fires and predicted disaster. At Centralia darkness caused all business to stop. In Tacoma a heavy darkness settled down. Bombs could not pass the narrows on account of the darkness and at Olympia the electric light plants shut down and at noon it was as black as night.

The last report from Shelton at noon was to the effect that nearly all of the mills in Mason county were on fire.

The town of Millock, that county, was in imminent danger when last heard from and timber 100 feet high was burning.

Sixteen miles from Olympia the Bordeaux string of camps in the Black Hills district are in great danger. Forty men on horseback have gone to rescue women and children.

MRS. STEWART KILLED.

Wife of the Nevada Senator Loses Her
Life in an Automobile Accident.

San Francisco, Sept. 13.—Mrs. William Stewart, wife of Senator Stewart of Nevada, was thrown from an automobile and killed Friday at Alameda, Cal.

Mrs. Stewart was enjoying a ride with her nephew, Henry Foote, son of W. W. Foote, an attorney, and H. R. Taylor. They were going along Santa Clara avenue in Alameda, Taylor guiding the machine and sending it along at a high speed. A vehicle approached and Taylor swerved the motor in order to avoid a collision. At that moment he lost control of the steering apparatus or made a miscalculation. The automobile ran into a telegraph pole and the occupants were thrown out. Mrs. Stewart struck her head and was carried in an unconscious condition to a sanitarium in the vicinity, where she soon died. Foote and Taylor escaped with slight bruises.

Taylor is a cousin of Frederick Benedict, who was recently crushed to death under his automobile in New York. Mrs. Stewart was visiting her sister, Mrs. Louis Aldrich, who lives in San Francisco.

Mrs. Stewart before her marriage was a Miss Foote, the daughter of Henry Stewart Foote, governor and United States senator from Mississippi before the war, and during the latter part of her life in California. Mr. and Mrs. Stewart have several daughters, one of whom lives in New York City.

Colorado Republicans.

Denver, Sept. 13.—The state Republican convention nominated Jas. H. Peabody of Fremont for governor.

The platform reaffirms allegiance to the Philadelphia platform, expresses sorrow for the death of President McKinley, endorses the policies of the national administration and expresses confidence in President Roosevelt, commending his actions in connection with corporate abuses and his dealing with large consolidations of capital and declaring for him for president in 1904.

Held up at Dallas.

Dallas, Sept. 13.—S. E. Taylor, who lives a short distance out of Oak Cliff, was held up by unknown parties Wednesday night as he drove home. To the detectives he stated that his assailant was a tall young white man, clean shaven and about 22 years old, who climbed into his wagon. Having \$15 in his pocket, Mr. Taylor threw it away while the hold-up man was approaching, and is now not positively certain of what booty was secured. The local police and detectives have made an arrest.

Congressman Ray Given a Judgeship.

Washington, Sept. 13.—The President has appointed Congressman Geo. W. Ray United States district judge of the northern district of New York vice Alfred Cox who has been appointed United States circuit judge. Mr. Ray was senator Platt's candidate. The retirement of Representative Ray from the house will leave Representative Jenkins of Wisconsin ranking member of the judiciary committee.

Suicide of Colonel Garnett.

New York, Sept. 13.—Col. John G. Garnett, one of the most prominent southerners in New York, a West Point graduate, colonel of artillery under General Robert E. Lee and a native of Wakefield plantation, Westland county, Virginia, was found dead Friday in the Ross hotel. He had committed suicide by taking carbolic acid. The body had been lying in the room for two days before it was discovered.

Storm at Terrell.

Terrell, Tex., Sept. 13.—This city was visited by a terrific wind and rain storm Thursday night. The storm came from the southwest at 7 o'clock. The wind whipped shade trees to the ground and lifted outhouses here and there, but no damage of a serious character was done in the city. Several houses were blown from blocks in the city and county but no one killed.

Officers and Moonshiners Fight.

Welch, W. Va., Sept. 13.—In a battle between revenue officers and moonshiners in McDowell county John J. Wooten, a moonshiner, was killed and John Squire, another moonshiner, was seriously wounded. Will Rennick, a revenue officer, was also seriously

BRYAN.

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

FRIDAY, SEPT. 12, 1902.

Huntsville has organized a com-
mercial club.

A dispatch says "the Panama
situation is serious." Yes; it's
about time to call them in, and
some people probably owe for
them yet.

The outomassassin has claimed
another victim in the person of
the wife of Senator Stewart of Ne-
vada, who was dashed against a
telegraph pole.

Farm and Ranch notes that pol-
ished buffalo horns, made of cellu-
loid by enterprising northern man-
ufacturers, are now being exten-
sively sold to sucker curio hunters.

It is very gratifying to us to
note that many of the citizens of
Madison county are preparing to
make exhibits at the Central Tex-
as Fair at Bryan.—Madisonville
Meteor.

Eleven counties were represent-
ed in the Brazos river conference,
and the Eagle is constrained to be-
lieve that some good will result
from the meeting, especially when
the vast interests involved are con-
sidered.

Mr. S. F. B. Morse, passenger
traffic manager of the Southern
Pacific, has the thanks of the Eagle
for a copy of the San Francisco,
California, number of Harper's
Weekly. The paper contains an
elaborate write up of the metropo-
lis of the Pacific, profusely illus-
trated, and showing the import-
ance of that great western city as a
center of art and education, its
commercial importance, its promi-
nence as an army and navy base,
and wonderful attractiveness to
the traveler. The Southern Pa-
cific places this wonderland within
a few days' journey of our doors.

RWORK

We make a specialty of skillful prescription work.
The Acme of quality and correctness
is insured by our label on

resent it.

HUNTER & CHATHAM.

WEST VIRGINIA STRIKE.

Few of the Miners Returning to Work
and Situation Unchanged.

Charleston, W. Va., Sept. 13.—There
is no change in the situation of the
strike in the Kanawha and New River
fields. The strikers are for the most
part standing firm, though a few are
returning to work each day and the
tonnage is increasing slowly though
steadily.

At Eagle, twenty-seven miles above
here, the situation is serious, and trouble
is apprehended there.

At the Crescent mines, just above
Montgomery, on the Kanawha river,
the constable of that district Friday,
by order of the court, turned the
striking miners out of the company
houses. A cold rain is falling, and
many families are without shelter,
with all household effects exposed to
the weather.

FIRE AT SONORA.

Several Business Houses Destroyed Cau-
sing a Loss of \$75,000.

San Angelo, Tex., Sept. 13.—Fire at
Sonora, in Sutton county, on Friday
destroyed \$75,000 worth of property.
The fire broke in the store of the
Mayfield Mercantile company. A coal
oil tank exploded in the building after
the fire started and all window glass
in the courthouse were broken out.
The entire business block was burned
and a number of citizens were slightly
injured. The fire was under such head-
way when the first alarm was given
and the wind blowing so hard that no
company in the state could have check-
ed the flames any sooner.

Gin and Contents Burned.

Greenville, Tex., Sept. 13.—Moody &
George's cotton gin at Floyd, this county,
was destroyed by fire. Loss about
\$4000; insurance \$2000. A small quan-
tity of seed cotton and \$600 worth of
seed were destroyed.

AGAINST THE GERMANS.

Firmly Isolating People on Account of
the Crete-a-Pierrot Affair.

Port au Prince, Hayti, Sept. 13.—Gen.
Firmin has issued a violently worded
proclamation to his partisans concern-
ing the death of board the Crete-a-
Pierrot of Admiral Kilick. He urges
his followers to fight until the end
against the provisional government of
Boiscond Canal, which he accuses of
having excited Germany against him
to the point of effecting the destruction
of the Crete-a-Pierrot by the Panther.
The population of Genaveles and St.
Marie, both in the possession of the
revolutionists, are greatly excited.
Bills expressing hate of the Germans
are being posted there, and cries of
hostility to this nation are frequently
heard in the streets. The advance
guard of the government army has
started against Genaveles.

THE OIL FIELD FIRE

Loss Not Near as Great as Was at
First Reported.

NOT EXCEED \$50,000

The Total Area Burned Is Only About
One Acre and Caught Only Two
Producing Wells and a Tank
No Lives Were Lost.

Beaumont, Tex., Sept. 13.—The re-
ports as to the loss to oil wells on
Spindletop sent out Friday were great-
ly exaggerated. Only about an acre of
ground on Spindletop was swept over
by a fire, and two flowing oil wells
and several other wells leaking gas
are now burning. One of the wells is
spouting a stream of burning oil sixty
to seventy-five feet in the air, while
the other is turned toward the ground,
where a pool of burning oil is con-
stantly supplied as fast and faster than
it is burned.

The total loss of property actually
destroyed, not counting oil and losses
on contracts, etc., will be less than
\$50,000. There were no casualties what-
ever, other than a slight burn sus-
tained by the man who is responsible
for the fire. The actual loss of prop-
erty consists of pumping rigs, derricks,
pipes, engines, tools, in fact, just such
property as is attached to a pumping
oil well, including tanks. With the ex-
ception of a regulation 35,700-barrel
steel tank belonging to the Higgins Oil
and Fuel company, which is located
about 300 yards from the scene of the
fire, the conflagration was confined to
the one spot, which covers about an
acre of territory.

The scene is a blackened space, with
here and there a pipe extending out
of the ground three or four feet, which
indicates the location of a well.

The range of the fire extended about
300 feet along Spindletop avenue and
about the same distance along Sour
Lake avenue.

No further damage is expected.

Negroes Shot from Ambush.

Paris, Tex., Sept. 13.—While Julius
Littlejohn, colored, and family, who
were picking cotton on the farm of
Alex Marshall in Boggy Bend, four
miles above Chicota, were returning
home from the field, they were fired
upon from ambush by unknown par-
ties. Five of them were wounded, but
none seriously. The deed is supposed
to have been committed by persons
opposed to negroes picking cotton.
There are no negroes living in the vi-
cinity and they have on previous oc-
casions been run out. Last spring thirty
or forty negroes who had been em-
ployed to clear timber land were fired
upon and driven out.

Tried to Kill the Family.

Pierce, Neb., Sept. 13.—Gottlieb Nie-
genfind shot and killed his former
wife near here, shot six times at Al-
bert Breyer, her father, who died of
his injuries, and shot the wife of
Breyer in the shoulder, seriously and
perhaps fatally wounding her. After
the shooting Niegenfind left the house,
and meeting Mrs. Peters' sister, Lena
Breyer, attempted to criminally as-
sault her. Mrs. Peters had been di-
vorced from her husband two years,
and he was thought to have left the
country. He appeared at Pierce Sun-
day, however, and later paid several
visits to the Breyer farm, ending as
above.

Robbers Cause a Wreck.

New York, Sept. 13.—Two unknown
men have attempted to wreck a trolley
car on the National Park line, near
Woodbury, N. J. They drove large
spikes on the inner side of the rail on
a curve skirting a deep ravine. The
car luckily was moving unusually slow,
otherwise many passengers would have
been killed. As it was, the car left
the track and twenty passengers were
badly bruised. Some of them discov-
ered two men running away from the
bushes. They were pursued for some
distance, but escaped. Robbery is pre-
sumed to have been the motive.

Buried in a Sewer Trench.

Waco, Tex., Sept. 13.—A gang of
workmen were buried in a sewer
trench, which caved in on them here.
The trench was being constructed by
the San Antonio and Aransas Pass
railway near this city. The men were
rescued. The following is a list of the
injured: Burt Jones, contusions; John
Hamilton, collarbone broken and con-
tusions; William Dittman, three ribs
broken and contusions; A. Selma, hip
dislocated; O. F. Shingo, contusions.

Rock Island Contract Let.

Port Worth, Tex., Sept. 13.—The
contract for the construction of the
Rock Island between Port Worth and
Dallas has been let to Craney Broth-
ers, who are building the Rock Is-
land's extension from Jacksboro to
Graham. The work between Port
Worth and Dallas will be under the
direction of A. C. Craney and the
present intention is to commence next
week or the week following.

Caught in a Gin.

Aubrey, Tex., Sept. 13.—Fred Cad-
dell, the 16-year-old son of B. C. Cad-
dell, in attempting to raise a gin
breast was caught by his trouser legs
with the gin saw and pulled into the
gin. His leg was so badly broken and
cut that amputation above the knee
was necessary. The engineer shut the
steam off of the engine or it would
have killed him.

Messing Negro Cotton Pickers.

Paris, Tex., Sept. 13.—Wednesday
night an attempt was made to drive
away a lot of negro cotton-pickers
from Sulphur Springs, who were pick-
ing cotton in the west end of Delta county
near Yowell.

Expelling Sisters Second Time.

Brest, France, Sept. 13.—Sub Prefect of Finistère, accompanied by a strong force of gendarmes and military, unexpectedly arrived at Landerneau, and again expelled the sisters there who were turned out on August 1st, but who returned later after discovering a decree dated 1828, which, they claimed, removed them from the scope of the law of associations. The sub-prefect also reclosed the schools amid protests of the inhabitants.

Will Make a Large Deposit.

Washington, Sept. 13.—Secretary Shaw announces that he will deposit four millions in the national banks throughout the country in return for deposit of free bonds on the sums of fifty thousand or more at their face value. Such banks being designated as government depositories. The secretary will also anticipate October interest, amounting to about \$4,200,000. All this is to relieve the scarcity of currency.

Loving Cup for Schley.

Dallas, Sept. 13.—An order has been sent to St. Louis for a magnificent loving cup which will be presented to Admiral Schley by the citizens of Dallas when he visits this place next month. Although the cost is not made public, it can be stated that the sum is unusually large.

Howard's Place Gone.

Houston, Sept. 13.—It is learned that John Howard will, in a couple of days, sever his connection with the Southern Pacific. The position of passenger and immigration agent, which has so ably been filled by Mr. Howard, is to be abolished, the duties, subdivided, to go into other channels.

The display is very complete, embracing all the new designs and colorings. These will be very popular during the coming season.

JOHN WITTMAN, The Tailor.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less of the menstrual period, I dreaded

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

J. W. BATTS,

Real Estate Agent.

Have in office the only set of abstract books of Brazos county land titles.

FOR SALE.

house and well on premises. Price \$750.

Six room house and two lots of ground located four blocks from Main Street. Brick cistern on premises. Price \$1250.

One quarter block near Allen Academy. East front. Price \$250.00. Terms easy.

75 feet front on Railroad street out Otto Boehme's property. Will sell part or all.

Lots near school house at \$100 each.
Also other city property

Senator Stewart in Europe.
Washington, Sept. 13.—Gen. Stewart is at present at The Hague in connection with the Pious fund arbitration, in which he has taken a deep interest. The senator and Mrs. Stewart, since the sale of their home on Dupont Circle, known as Stewart's Castle, to Senator Clark of Montana and its subsequent destruction, has lived in the winter in an old-fashioned residence on F street, near the state, war and navy department building. Of late years they had not taken so much interest in social affairs as formerly.

Miners Will Stay Out

Tamaqua, Pa., Sept. 13.—Nearly all the locals of the United Workers in this vicinity held meetings at which the strikers re-affirmed allegiance to President Mitchell and pledged themselves to stay out until the coal companies grant concessions, no matter how long it may be. The men apparently have little hope the meeting of Mitchell and Governor Stowe in Harrisburg, will have much effect on the strike situation.

Indian School Burned.

Guthrie, Okla., Sept. 13.—The Indian school buildings owned by the government at the Otee Indian reservation was destroyed by fire with all their contents. The loss will amount very high, although no statement has yet been given out. The school is situated 26 miles southeast of Ponca City. One hundred Indian children who live in the buildings during the school year escaped without injury.

Big Rice Plantation Sold.

Houston, Sept. 13.—The deal has been practically closed that will change the ownership of acreage property for rice growing in Victoria county near the town of Victoria, valued at \$225,000. The party is composed of St. Louis men of strong financial standing with ample capital. President Schaefer of the Missouri Trust company of St. Louis was the leading member of the party.

Admiral Schley in Boston.

Boston, Sept. 13.—Rear Admiral Schley and Mrs. Schley have reached Boston after a summer outing in the Adirondacks. Admiral Schley and Mrs. Schley will leave Boston to visit in Connecticut. It is their purpose to go west within a few weeks, and then visit Texas, where they may remain two months.

News in Brief.

Killing frosts fell Friday in Kansas, Nebraska, Colorado and parts of Oklahoma and Missouri.

Gwendoline, daughter of William Waldorf Astor, died at London of consumption. She will be buried at New York.

The Elks of Terrell, Tex., have bought them a lot for \$5500 on which to build them a home.

The Confederate veterans of New Orleans, La., have refused to accept the offer of General Torrence of money to build a home for them.

Dover, Okla., has suffered its third fire within a few months. A livery stable, nine horses and contents were burned.

Woman Kills Herself.

Fort Smith, Ark., Sept. 13.—Mrs. George Scott shot and killed herself on her husband's farm, about eight miles from Sallisaw, I. T. She left her home and went in some near-by timber, where she shot herself. She was only 22 years of age. Her father is J. F. Beard, a farmer.

Amount Paid Mrs. Fair's Relatives.

San Francisco, Sept. 13.—The Call says it is in a position to state the exact amount received by relatives of the late Mrs. Charles Fair in settlement of their claims was \$185,000, instead of sums running into millions, as heretofore mentioned.

Serious Outbreak in Austria.

Vienna, Sept. 13.—Serious anti-semitic outbreak has occurred at Czenstochowa, a pilgrim resort in Poland. The mob stormed the Jewish shops and wrecked bread shops and fourteen Jews and one gendarme were killed and a number were injured. Military are summoned to restore order.

American Team Won.

Ottawa, Ont., Sept. 13.—In the contest for the Palma trophy at 800 yards between the American, British and Canadian rifle teams here, the Americans won, the British second.

Frost in Tennessee.

Memphis, Sept. 13.—Unusually cold weather prevails in west Tennessee, Mississippi and Arkansas. Frost is reported at Milan, Tenn., and Hazelhurst, Miss. No serious damage is expected to crops and vegetation.

Cholera Record in Egypt.

Cairo, Sept. 11.—The weekly cholera returns for Egypt show there has been 1138 fresh cases reported, making totals since July 15, of 20,328 cases and 16,209 deaths.

Anti Win in Nolan County.

Sweetwater, Tex., Sept. 11.—Returns from all boxes in Nolan county give the anti-prohibitionists about 30 majority.

Hack Service to Madisonville

I have taken charge of the mail service from Bryan to Madisonville, and have put on good, comfortable hacks.

DAILY HACK SERVICE

From Bryan to Madisonville. The patronage of the public respectfully requested. Leave calls or messages with the undersigned or at the Postoffice.

S. W. Buchanan.

THE SOUTH IMPROVES.

Vast Strides Made Along Railways
The Past Year.

TWO REPORTS CITED

The Agricultural Advancement Has Been Wonderful and the Manufacturing of Cotton Shows Greater Consumption of that Product.

Baltimore, Sept. 13.—The effects of the consolidation of railroad lines in the south into strong systems operated on a strictly business basis upon the industrial growth of the south may hardly be overestimated. This fact is emphasized by a summary in the Manufacturers' Record of facts gleaned from recent annual reports of railway companies.

The report of the Southern railway shows that during the year there were located on or near the company's lines industrial plants representing a value of \$112,441,559, and that 566 plants completed and put in operation represented an investment of \$89,070,959. Forty-two new textile plants went into operation, and there were additions of 36,640 spindles and 8857 looms to old plants, while at the close of the fiscal year there were 21 new mills under construction, which will operate 342,200 spindles and 7600 looms.

Similar progress is reported along the lines of the Central of Georgia railway, its annual report showing that 299 industries representing 31 different kinds of manufactures were located in its territory during the year, with a capitalization of \$2,896,350 and with 4062 employees.

The industrial commissioner of the Illinois Central railroad shows that out of 378 industries established during the year along its system, 218, or more than 56 per cent were south of the Ohio river.

That agriculture has advanced with the growth of manufactures appears in such a fact as that during the year 583 farmers from the north and west purchased 171,255 acres of farm land in the territory of the Southern railway representing an investment of \$2,010,000, while there was a phenomenal increase in the acreage devoted to cantaloupes, watermelons and strawberries along the Central of Georgia railway, with 1,134,779 peach trees planted.

These figures for only a portion of the south are valuable as indicating the progress general throughout that portion of the country, and the reports of trunk lines entering Texas, Oklahoma, the Indian Territory, Missouri, Arkansas and Louisiana, and confining their operations principally to those sections will be found to present equally important and impressive revelations of the development of a great division of the country, the natural resources of which for agriculture and manufacture have only begun to be understood by the great majority of people within comparatively recent years.

The textile industry, which may be regarded as a pioneer in the south as it was elsewhere, continues its magnificent record, as is shown by the following figures: In 1890 of the total crop of 7,311,392 bales, the south manufactured 546,894 bales, or a little more than 7 per cent. In 1901 of the total crop of 10,393,422 bales, the south manufactured 1,620,931, bales, a little more than 15 per cent, and in the year ended August 31 last, of the total crop of 10,680,680 bales, the south manufactured 1,937,971 bales, or more than 18 per cent. In 1890 northern mills manufactured something more than 24 per cent of the total crop, and in 1902 about 19 per cent. In twelve years the quantity of cotton taken by the northern cotton mills has decreased from 76.7 per cent to 51.41 per cent of the total taken by American mills, and the quantity taken by southern mills has increased from 23.3 per cent to 48.59 per cent of the total takings.

Bridge Toll Too High.

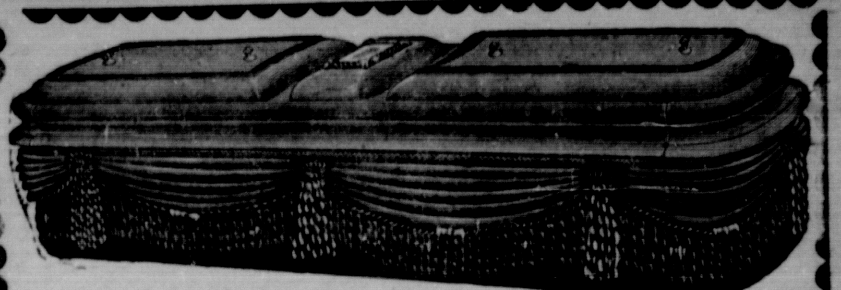

Memphis, Sept. 13.—President Geo. Gould of the Missouri Pacific is in the city and said the Gould interest would build a magnificent bridge across the Mississippi river at this point unless the management of the present bridge would reduce its tolls. President Gould also stated that unless a pulion depot is built here in a reasonable time his system would put up a handsome depot at a cost of \$250,000. He also said the new line from New Orleans to Memphis and Kansas City to Memphis would be ready for operation in less than a year's time.

No More Corners in Grain.

Chicago, Sept. 13.—Corners in grain are forever rendered practically impossible by a decision handed down by Judge Chitrous in the circuit court here, if sustained by the higher court. The case was for an injunction asked by White, Thorburn & Co., against the President Commission houses in the recent July oats corner. The most important ruling is that the Chicago board of trade loses power to pass on property rights where margins are involved, and denying its authority to discipline members for refusing to put up all called margins.

Clearing House Statement.

New York, Sept. 13.—The weekly statement of the clearing house banks of New York issued shows that the surplus reserve of the banks was decreased during the week by \$3,321,975, leaving it at \$715,075 in excess of the 25 per cent of deposits required by law. During the week loans were decreased \$6,875,900 and there was a decrease of deposits of \$14,628,900.

NABORS BROTHERS, UNDERTAKERS AND EMBALMERS.

We are giving careful personal attention to this department of our business and have a well selected stock of coffins, caskets and undertakers' supplies at prices to suit any purchaser. Prompt service at all hours, day or night, for funerals entrusted to our direction
